

Revolutionising Manufacturing: **The Impact of DocuWare in Numbers**

“We went with DocuWare for compliance reasons. We work a lot with the Federal Railroad Administration to keep track of documentation, and we must be able to quickly provide documents upon an audit.”

Salco Products

Manufacturing Stats

M. H. EBY

- Scanned 50,000 part numbers in one week to enable faster retrieval.

Lawrence Paper Company

- Increased invoice processing from **15 to 100** per day.
- Swiftly filed over **150,000** documents.

Ewart-Ohlson Machine Company

- Reduced file retrieval time from **30 minutes to under a minute.**

Top Areas to Support Manufacturing

Production management

- Work orders, production schedules, quality reports
- Streamline documents, enhance quality and tracking
- Address competitive pressure, minimise errors and lower processing costs

Inventory management

- Logs, purchase orders, invoices
- Reduce discrepancies, simplify procurement and ensure timely payments

Compliance & quality assurance:

- Compliance documents, inspections, certifications
- Maintain regulations, centralise records, audits
- Ensure data security, integration with existing systems

PO Process Reimagined with DocuWare

Purchase order creation

- Automate workflows and ensure compliance

Supplier communication

- Send purchase orders, track deliveries and manage responses

Receipt and documentation

- Digital records and automatic invoice matching

Realised value

- Improved processes enhance speed, accuracy and collaboration

Streamlining Operations Has Never Been Easier

- Centralise all manufacturing records
- Save **50-100** working hours monthly
- **Reduce** printing fees and paper use
- Increase operational efficiency by **20-30%**
