

Revolutionizing Manufacturing: **The Impact of DocuWare in Numbers**

"We went with DocuWare for compliance reasons. We work a lot with the Federal Railroad Administration to keep track of documentation, and we must be able to quickly provide documents upon an audit."

Salco Products

Manufacturing Stats

M. H. EBY

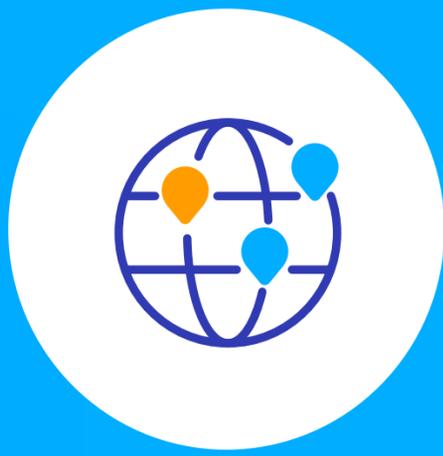

- Scanned **50,000** part numbers in a week for faster retrieval.

Lawrence Paper Company

- Boosted invoice processing from **15 to 100/day**.
- Filed over **150,000** documents swiftly.

Ewart-Ohlson Machine Company

- Cut file retrieval time from **30 mins to <1 min**.

Top Areas for Manufacturing Support

Production management:

- Work orders, schedules, quality reports
- Streamline docs, enhance quality & tracking
- Address competitive pressure, minimize errors, and lower processing costs

Inventory management:

- Logs, purchase orders, invoices
- Reduce discrepancies, simplify procurement, timely payments

Compliance & quality assurance:

- Compliance docs, inspections, certifications
- Maintain regulations, centralize records, audits
- Ensure data security, integrate with existing systems

PO Process Reimagined with DocuWare

Purchase order creation:

- Automate workflows, ensure compliance

Supplier communication:

- Send POs, track deliveries, manage responses

Receipt & documentation:

- Digital records, automatic invoice matching

Realized value:

- Improved processes: enhances speed, accuracy and collaboration

Streamlining Operations Has Never Been Easier

- Centralize all manufacturing records
- Save **50-100** working hours monthly
- **Reduce** printing fees and paper use
- Increase operational efficiency by **20-30%**

Revolutionize Manufacturing Operations with DocuWare

**Centralize
production files**

**Optimize
procurement
processes**

**Ensure document
security**

**Integrate with
ERP systems**

**Track production
costs**

**Retention policies
and reminders**

**Automate process orders &
maintenance schedules**

**Enhance production
efficiency**

Transform your manufacturing process

- Instant access and centralized storage
- Optimize production workflows
- Secure and compliant document management
- Increase overall cost efficiency

Enhancing manufacturing efficiency:

DocuWare's seamless cross-department document sharing centralizes management, improves access, reduces errors and enhances productivity, resulting in more efficient workflows and improved compliance.
